

LASER PANELS

Architectural LED Backlit Ceiling Tiles

Create Excitement In Your Space

Flexible. Striking. Cost-friendly.

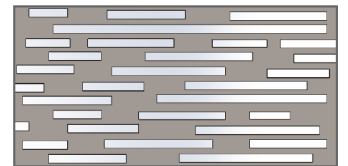

Saylite's Laser Panel Lighting can elevate a space within a matter of minutes!

Seamless patterns can be installed across large ceilings or down long hallways to create upscale installations. A revolution in grid lighting, standard sizing makes it easy to replace traditional flat panels.

Choose from a multitude of patterns to revitalize office or retail spaces. LED flat panels provide energy efficient illumination behind a uniquely designed laser-cut fascia. These panels are ultra-versatile, easily select color temperature and wattage directly on the fixture using the 3-position switch.

- 3 standard sizes – 2ft x 2ft, 1ft x 4ft, and 2ft x 4ft
- 5 standard patterns with custom patterns available
- Recessed mount for grid ceiling
- Multiple wattage/lumen options available via 3-position switch
- Multiple Kelvin temperature options (3500K, 4000K, 5000K) available via 3-position switch
- Emergency battery backup options available
- CRI >80
- >50,000 hrs of L70 LED life
- Rated for dry and damp locations
- 0-10 Volt dimmable 120-277V (120V ELV/TRIAC avail)
- Power factor >0.90
- 5 year warranty

- NOTES:**
- Other patterns will reduce lumen output. Consult factory for more information on percentage output lost for desired pattern.
 - Standard fascia finish is White. Please consult factory for more information and pricing on custom color options.
 - Lumens listed are an average of the 5 standard patterns at 40K. Custom patterns require design and drawing signoff. Consult spec sheet for exact lumen output.
